

COMPANY PROFILE

WK Stone are proud to be an Australian, family owned, business that has been operating in the stone bench top area since 1989.

Our stone bench top offerings specifically cater towards the Australian (and New Zealand) markets which are unique compared to the rest of the world. We make decisions locally as well as pay our taxes and reinvest our profits in Australia.

WK Stone are proud to say that 41% of our staff have been with our company for 10 years or more. We have experience in all things stone.

WK Stone offer a variety of high-quality benchtop solutions which include:

NATURALSTONE – An exotic selection of natural stone from worldwide locations since 1989

QUANTUMQUARTZ DESIGNER STONE – We are an Innovator in engineered stone which was initially offered in the year 2000. Our Australian firsts include:

- A range of veined colours in 2011
- A slab in “jumbo” size (3310x1660mm) in 2014
- A digital print on a quartz surface in 2021

QUANTUMPORCELAIN – The first engineered stone distributor to promote a range of large format porcelain sheets in 2015.

QUANTUMzero RECYCLED SURFACES – The first engineered stone distributor to market a Zero* crystalline silica product with 30 market-leading colour options in the initial January 2024 launch.

WK Stone has warehouses and showrooms in Sydney, Melbourne and the Gold Coast. At any given time, warehouse holds in excess of 30,000 slabs of stone, ensuring that stock is available for your next project.

Builders and developers who regularly select WK Stone include Mirvac, Lend Lease, Clarendon Homes, Masterton Homes, Fairhaven Homes, Billbergia and Frasers Property to name just a few.

*Zero crystalline silica in any of the materials ingredients.
